

A photograph of three BP workers in an industrial setting. They are wearing safety helmets (orange and white) and high-visibility work clothes (orange and dark blue). They are leaning on a yellow safety railing and looking towards the right. The worker in the foreground is a woman wearing a white helmet with the BP logo and safety glasses.

towards a
lower carbon
future.

BP Summer Internship Opportunities (China)

This is a really exciting time at BP and we're creating a workplace where you can meet your potential, realize your ideas, and help us deliver on our purpose, ambition and aims.

Working as part of a diverse global team, you'll be involved in complex and interesting work that will help build your knowledge, connections and provide the opportunity to be involved in the delivery of real-world energy solutions.

If you have a passion for the energy industry along with the drive, willingness and agility to learn, we want to hear from you!
