瑞士南方应用科技大学 ( Scuola Universitaria Professionale della Svizzera Italiana,SUPSI ) 是瑞士八所应用科技大学之一。它主要致力于专业人才培养和应用科技研究。

学校的教职人员包括全职教师 / 研究人员和兼职的专业教学人员。同时，它提供本科及硕士学历教育并且在国内外指导与企业及各机构合作的应用研究项目。另外，它在获取欧洲研究基金上名列前茅。

SUPSI 位于瑞士南部，在美丽的卢加诺地区，非常靠近与意大利的边界，距米兰只有 60 公里。

SUPSI 是第一个与广东工业大学 ( 中国 ) 及蒙特雷理工学院 ( 墨西哥 ) 合作、培养国际化的工程科学硕士的应用科技大学。同时，SUPSI 也与中国及瑞士的企业在鞋业的大规模定制、污水处理技术和机械表精密测量仪器上有合作研究项目。

SUPSI 正和其它的瑞士应用科技大学进行讨论，意在把本硕士项目的招生范围扩大到整个瑞士及欧洲地区，从而使得本硕士项目成为一个真正的国际化和多国合作化的项目。

SUPSI 持续创新计算机集成研究院院长，Claudio R. Boër ( 伯乐 ) 教授 ,他是负责本硕士项目创新与合作的领导人，在领导中瑞合作的项目上已经有许多年的经验。另外，伯乐教授也是广东省省长的顾问。

The University of Applied Sciences of Southern Switzerland (Scuola Universitaria Professionale della Svizzera Italiana, SUPSI) is one of the eight University of Applied Sciences in Switzerland. Its university focuses on education based on professional need and on applied research.

The faculty includes full-time lecturers/researchers and part-time professionals. Moreover, it offers bachelor's and master's degree programs and conducts applied research projects in collaboration with companies and institutions within the region but also internationally and it is the top University of Applied Science in European research funding acquisition.

SUPSI is located in the south part of Switzerland, in the beautiful region of Lugano, near the border with Italy, at 60km from Milan.

SUPSI is the first University of Applied Science to offer an international Master in Engineering Science in cooperation with the Guangdong University of Technology (China) and the Tecnológico de Monterrey (Mexico). SUPSI is also cooperating with Chinese and Swiss companies in applied research projects in the area of Mass Customization of footwear, waste water treatment technology, precision measuring instruments for mechanical watches.

SUPSI is discussing with other Universities of Applied Science in Switzerland to enlarge the Master to include students from all Switzerland and with other universities in Europe so that the Master can become a truly international and multi-nation program.

Also Prof.Claudio R. Boër, Director of the Institute of Computer Integrated Manufacturing for Sustainable Innovation, in SUPSI, responsible for the creation and coordination of the Master, has been leading cooperation projects and program between China and Switzerland for many years. He is also Advisor to the Governor of the Guangdong Province.
